Bill,

Thanks for your email regarding Monday. We do not need any special equipment, but I would like to add one more person to the list: Ray Varcelona, with Lockheed Martin.

Here is our agenda

- Discuss EPA general approach, including suggested sampling locations, number of samples
- Access to containment cell - any specific Givaudan/NJDEP requirements
- Time frame for revised QAPP, sampling effort

We look forward to meeting with you on Monday at 2 pm.

Regards,

-Sarah

Hi Sarah:

I called and left you a voice mail on the meeting we have scheduled for Monday at Gibbons at 2 pm. Your team will need to check in at security and get a pass at the desk before coming up to the 21st floor of One Gateway.

Does EPA need any special technical items in the conference room for the meeting (screen, projector, etc.)?

Kindly advise.

Have a good weekend. See you on Monday.

Regards,

Bill

Bill,

Attached is the revised QAPP for the RM 10.9 dioxin investigation. I assume we are still on for 2 pm on Monday, January 27.

Regards,

-Sarah

Hi Sarah:

Thank you for confirming the meeting date and time. We appreciate your offer to come to Gibbons and will graciously host the meeting in Newark.

Our office is in Gateway One and the meeting will be on the 21st floor. We are right next to Penn Station. You can take the Path or NJT to our office.

Also, thank you for the disc of background materials cited to in EPA's draft QAPP. I appreciate your responsiveness is getting it to me.

Let's touch base again in early January.

Have a wonderful holiday and New Year.

Regards,

Bill

Bill,

This is to confirm that Monday January 27 at 2 pm will work. I will reserve a room here at 290 Broadway. Alternately we are willing to meet in your office in Newark if that is convenient for you and your client.

Regards,

-Sarah

Bill,

My apologies, but it seems that some people on my end have a preference for any day other than January 23. Would you have time on another day? If not, we will rearrange things.

Thanks

Sarah

Bill,

Unfortunately those dates do not
work for EPA. What about January
17 in the morning?

If that is not good, would you be
available any day during the week of
January 20 (other than the morning
of January 23)?

Thanks,

-Sarah

Sarah:

Sorry that I was unable to get you possible meeting dates yesterday, as I was tied up on other matters.

Assuming that EPA provides the background documents requested on the QAPP before the holiday break, Givaudan is available on the following dates for a meeting with EPA in January 2014:

January 7 (afternoon)

January 15 (afternoon)

January 16 (afternoon)

Please let us know which date works best to you and your team.

Have a good weekend.

Regards,

Bill

Sarah:

Thank you for
responding to
Givaudan's request. It
is important to my
client to review those
materials before our
meeting so we should
reschedule it for
January. I will send
you potential dates for
a meeting in January
later today.

Bill,

I am still working on
getting the QAPP
background
documents to you, as
well as the revised
QAPP. I think it will
take a few more days.

If it is important to
your client that you
have time to review
the documents before
we meet, I suggest
that we look for
meeting dates in early
January.
